

Course Specification

Name of Institution	National Institute of Development Administration
Faculty/Program	Graduate School of Communication Arts and Management Innovation

Section 1 General Information

- 1. Course Code and Title** **CM 6004 Applied Digital Innovations**
- 2. Total Credits** 45 Credit Hours
- 3. Program and Course Type**
Core Course
- 4. Course Instructor**
Instructor Name : 1. ASSOC. PROF. CHUTISANT KERDVIBULVECH, PH.D.
2. ASSOC. PROF. ASAWIN NEDPOGAEAO, PH.D.
- 5. Semester / Year of Study**
Semester 1 / Year of study 2021
- 6. Pre-requisite Course (if any)**
NA
- 7. Co-requisites Course (if any)**
NA
- 8. Venue**
National Institute of Development Administration (NIDA)
- 9. Latest Date of Course Specification Development or Modification**
Edition 3 August 2021

Section 2 Aims and Objectives

1. Course Aims

1. To understand the concepts of digital media and information technology
2. To understand the theories of digital media and information technology
3. To understand the roles of organizations involved in digital media and information technology
4. To achieve learning examples: case studies of digital media and information technology

2. Courses Objectives

The objectives of the courses are to make students understand the concepts and theories of digital media and information technology, including the roles of organizations involved in digital media and information technology. Cases studies of digital media and information technology which have recently happened are studied and exemplified.

3. Reason for Course Development/Modification

More suitable for the recent situation of the concepts and theories of digital media and information technology in the 21st century.

Section 3 Course Description and Implementation

1. Course Description

This course focuses on comprehensive introduction to a range of applied digital innovations for communications. Topics covered include human-computer interaction, interactive digital multimedia, mixed reality, visual tracking methods, computer vision, surveillance technology, big data in marketing communication, marketing analytics, social media analytics, search engine Optimization and Search engine Marketing, focusing on a new kinds of communication.

2. Number of Hour per Semester

Number of Lecture Hours per week 3 hours

3. Number of hours provided for academic advice and guidance to individual student

6 hours / week will be communicated through Facebook messenger and face to face interaction

Section 4 Development of Student Learning Outcome

1. Morals and Ethics

1.1 Morals and Ethics to be developed

Student should respect and follow rules and regulations of school and institution.

1.2 Teaching Methods

In each class, there is an ethical case study in the topics related to digital media and information technology, so that students will be assigned and expected to read before attending the class.

1.3 Evaluation Methods

Observing behavior during the class

2. Knowledge

2.1 Knowledge to be acquired

Students must be exposed to the fundamental concepts and theories of digital media and information technology, including the roles of organizations involved in digital media and information technology.

2.2 Teaching Methods

Lecture by using related topic about digital media and information technology and case studies in class using students center

2.3 Evaluation Methods

Assignment, midterm project and final project

3. Intellectual Development

3.1 Intellectual Development to be developed

Student should be able to apply the fundamental concepts and theories of digital media and information technology in proving problems in many recent situations creatively

3.2 Teaching Methods

Lecture and case studies

3.3 Evaluation Methods

Assignment, midterm project and final project. Rubrics.

4. Interpersonal Skills and Responsibilities

4.1 Interpersonal Skills and Responsibilities to be developed

Student should have responsibility for assignment and keep practicing their skills frequently.

4.2 Teaching Methods

Assignment and group discussion

4.3 Evaluation Methods

Observing behavior during the class

5. Numerical Analysis, Communication, and Information Technology Skills

5.1 Expected Outcomes

Student should be able to choose suitable applications and methods about digital media and information technology for numerical analysis and communication.

5.2 Teaching Methods

Assignment and group discussion

5.3 Evaluation Methods

Assignment, midterm project and final project.

6. Mapping

Code	Courses	Credit	Ethics	Knowledge	Cognitive			Interpersonal	Analytical skills		
			ELO 6	ELO 2	ELO 1	ELO 5	ELO 8	ELO 4	ELO 3	ELO 7	ELO 9
CM6004	Applied Digital Innovations	3						E			

I = introductory, E = Emphasis, A=Assessment, P=Partial relevant

Alignment between program ELOs, teaching method, assessment method and achievement indicator

Program ELOs	Teaching methods	Assessment methods	Achievement indicators
ELO1 Formulate research in the areas of communication and management innovation contributing to the new body of knowledge	NA	NA	NA

ELO2 Apply innovative communication theories and concepts to professional communication and technological practices in digital environments.	NA	NA	NA
ELO3 Create content, digital storytelling products and communication design that responses to the communication industrial.	NA	NA	NA
ELO4 Develop social digital network for communication and management innovation.	- Lecture and case studies - Group discussion	- Assignment, midterm project and final project - Assessment rubrics	Ability to apply and solve related problems creatively
ELO 5 Propose innovative solutions in professional communication and digital practice.)	NA	NA	NA
ELO 6 Choose international and national standardize values and professional codes of ethic and the nobility of profession in communication and digital practices.)	NA	NA	NA
ELO 7 Manage multiple digital marketing tools for planning, designing, and evaluating marketing communication, digital communication and e-commerce programs.	NA	NA	NA
ELO 8 Apply creative thinking and critical thinking skills to generate business model, digital marketing campaign and manage brand reputation and corporate communication program.	NA	NA	NA
ELO 9 Apply communication, coordination and negotiation skills for developing effective working relationship with clients.	NA	NA	NA

Section 5 Teaching Plan and Evaluation Plan

1. Teaching Plan

W	Office hour program Thursday 9.00-12.00 am.	Non-Office hour Program Saturday 9.00-12.00 am.	Lecture Topic	H	Chapter	Instructor
1	19 Aug 21	21 Aug 21	Brief introduction of courses and content	3	Lecture & Discussion	ASSOC. PROF. CHUTISANT KERDVIBULVECH, PH.D.
2	26 Aug 21	28 Aug 21	Innovation of digital media and information technology today	3	Lecture & Discussion	ASSOC. PROF. CHUTISANT KERDVIBULVECH, PH.D. / GUEST SPEAKER
3	2 Sep 21	4 Sep 21	Competition and challenges of media in the new digital media era in terms of technology	3	Lecture & Discussion	ASSOC. PROF. CHUTISANT KERDVIBULVECH, PH.D.
4	9 Sep 21	11 Sep 21	Research on digital media and information technology today	3	Lecture & Discussion	ASSOC. PROF. CHUTISANT KERDVIBULVECH, PH.D. / GUEST SPEAKER
5	16 Sep 21	18 Sep 21	Competition and challenges of media in the new digital media era in terms of technology	3	Lecture & Discussion	ASSOC. PROF. CHUTISANT KERDVIBULVECH, PH.D.
6	23 Sep 21	25 Sep 21	Problems of digital media in terms of information technology today	3	Lecture & Discussion	ASSOC. PROF. CHUTISANT KERDVIBULVECH, PH.D.
7	30 Sep 21	2 Oct 21	The future of digital media and information technology interconnection	3	Lecture & Discussion	ASSOC. PROF. CHUTISANT KERDVIBULVECH, PH.D.
8	TBA	TBA	The direction of integration of digital media and information technology	3	Lecture & Discussion	ASSOC. PROF. CHUTISANT KERDVIBULVECH, PH.D.
9	14 Oct 21	16 Oct 21	Overview and development of various types of media	3	Lecture & Discussion	ASSOC. PROF. ASAWIN NEDPOGAEAO, PH.D.
10	21 Oct 21	23 Oct 21	Concepts and theories on media and communication innovations	3	Lecture & Discussion	ASSOC. PROF. ASAWIN NEDPOGAEAO, PH.D.
11	28 Oct 21	30 Oct 21	Digital disruption and transformation	3	Lecture & Discussion	ASSOC. PROF. ASAWIN NEDPOGAEAO, PH.D.
12	4 Nov 21	6 Nov 21	Online marketing communication	3	Lecture & Discussion	ASSOC. PROF. ASAWIN NEDPOGAEAO, PH.D.
13	11 Nov 21	13 Nov 21	Philip Kotler's Marketing 5.0: A brief Summary and introduction	3	Lecture & Discussion	ASSOC. PROF. ASAWIN NEDPOGAEAO, PH.D.

14	18 Nov 21	20 Nov 21	Activities and group projects	3	Lecture & Discussion	ASSOC. PROF. ASAWIN NEDPOGAEAO, PH.D.PH.D.
15	2 Dec 21	27 Nov 21	Individual activities and projects	3	Discussion	ASSOC. PROF. ASAWIN NEDPOGAEAO, PH.D.

1. Teaching Plan (Continued)

NA

2. Evaluation plan

Activities	Learning Outcome	Evaluation Methods	Week of Evaluation	Mark Allocation
1	1	Midterm project	8	45
2	1	Final project	15	45
3	1,2,6	Attendance, class participations, assignment, and questions and answers during the class	Throughout the semester	10

3. Attendance and Participation

Students are required to attend a minimum of 80% of all sessions and expected to participate in group discussions and activities. Students are also expected to arrive at the class no later than 15 minutes after class has started.

Section 6 Teaching and Learning Resource

1. Reading materials

Required Text	C. Kerdvibulvech (2017) New digital media..media for the future: NIDA. A.Nedpogaeo. (2019) Meduimology, Bangkok: Nakhon Media.
Additional Reading	Baran, S. (2010). Introduction to Mass Communication. 6th Edition. USA: McGraw-Hill. Rodman, G. Mass Media in a Changing World. 3rd Edition. USA: McGraw-Hill. Vivian, J. (2013). The Media of Mass Communication. 11thEdition. USA: Pearson. C. Kerdvibulvech, "A Methodology for Hand and Fingers Motion Analysis Using Adaptive Probabilistic Models," EURASIP Journal on Embedded Systems, 9 pages, No. 18, Springer Publisher, 2014. Augmented Reality: A Modern VisionBased Approach, Author: C. Kerdvibulvech, 2nd Edition (2016). C. Kerdvibulvech: Recent Multimodal Communication

	Methodologies in Phonology, Vision, and Touch. HCI (2) 2020: 392-400
Research Journal	- Journalism, Faculty of Journalism and Mass Communication, Thammasat University. - Nitade DPU Journal, Dhurakij Pundit University. - Nitade NIDA Journal, GSCM NIDA. - EURASIP J. Embed. Syst.
Electronic website	Keywords: digital media, information and communication technology, media convergence, postmodernism

2. Research publications

Research publication	Week
NBTC Report	9-15

3. Publication, body of knowledge and academic services that integrated in the teaching activities

Publication, body of knowledge and academic service	Week
Mediumology	9-10

Section 7 Course Evaluation and Improvement

1. Evaluation Strategies for Course Effectiveness by Students

Student comments and suggestions are applied in evaluation strategies for course effectiveness.

2. Teaching Evaluation Strategies

Course evaluation survey and students' reflection

3. Teaching Improvement

Course evaluation survey, students' reflection, and adapt to new situations

4. Verification of Students Achievements in the Course

This group assignment is aimed to help students get started with the digital media and information technology theories. Student will learn how to apply communication and information technology theories to develop possible applications.

Individual & Group Assignment Paper Rubric

The 6 Aspects for Assessment for 3 projects (30%*3 = 90%)

1. Relevance to the course	0 1 2 3 4 5
2. Effectiveness of the used concepts and theories	0 1 2 3 4 5
3. Additional literature sources and research	0 1 2 3 4 5
4. Reliability literature sources	0 1 2 3 4 5
5. Originality and creativity	0 1 2 3 4 5
6. Communication and clarity presentation	0 1 2 3 4 5

The other 10% is for class participation and attendance.

5. Course Review and Improvement Plan

Every three year
