

Assoc. Prof. Chutisant Kerdvibulvech, Ph.D.

Associate Professor (Information Technology)

Graduate School of Communication Arts and Management Innovation

National Institute of Development Administration (NIDA), Bangkok, Thailand

BIOGRAPHY

Chutisant Kerdvibulvech is currently the Director of Information Technology Center, National Institute of Development Administration (NIDA), Thailand, and an Associate Professor (Information Technology), Graduate School of Communication Arts and Management Innovation. Formerly, he was the Vice Director of Information Technology Center, National Institute of Development Administration. From 2016 to 2019, he was a Guest Lecturer for Faculty of Information Communication and Technology (ICT), Mahidol University, Thailand. Between 2009 and 2014, he served as the Department Head of Information and Communication Technology (ICT) at Rangsit University, Thailand. In 2008, he worked as a Researcher of CREST, the world's first technology to display 3D contents into free space, at Japan's National Museum of Emerging Science and Innovation in Tokyo. Also, he has been selected to be one of the 10 most promising PhD scholars around the world to appear in the book entitled "Secrets of Promising PhD Scholars Revealed" by Enzed Publishing House Ltd, New Zealand. He has served as a committee for many international conferences, including ICAT'08, ACCV'09 Workshop on VCAS, ICOS'10, TJIA'11, IEEE-ISAS'11, NCIT'13-14, and IJCNN'12-19, and a reviewer of various international journals, including EURASIP Journal on Advances in Signal Processing, EURASIP Journal on Embedded Systems, and Journal of Universal Computer Science (Springer). He received B.Eng. (Honors) in Computer Engineering from Chulalongkorn University, Thailand, M.Sc.Eng. and Ph.D. in Computer Engineering from Keio University, Japan.

EXECUTIVE SUMMARY

2019 – Now	Director of Information Technology Center, National Institute of Development Administration (NIDA)
